Ask Property Be Secured For Extension Of Victoria Avenue

Three new members were elected at the June meeting of the White Rock Board of Trade last Tuesday evening in the White Rock hotel; Messrs. Wm. Taylor, R. E. Mackness and Harry L. Suthren. Matters of moment to the whole municipality and to White Rock in particular were dealt with in an address by Reeve Brown and the subsequent informal discussion. His Worship's explanation of a recent decision on an appeal from the assessment of certain property was enlightening and its far reaching effect on all taxpayers in Surrey was impressively shown to the meeting. After the address President Coldcut brought several matters again to the attention of the Reeve on which action has been long deferred. Amongst these was the extension of Victoria avenue westward from Martin to Vidal street and a formal resolution directed the secretary to ask the Municipal Council to proceed at once toward expropriating the property needed for this extension. Sewerage, Semiahmoo Park, progress toward securing a resident doctor, also received attention. Two communications, described as anonymous criticisms of the Board's folder were ignored, though several voiced their sentiments regarding persons who were afraid to sign their names to communications. A hearty vote of thanks to Reeve Brown ended the meeting which is the last to be held till September. The Council to meet at the call of the chair to attend to any pressing business during July and August.

Mrs. Ray Poirier and daughter, Pam and son, Roddy, of Vancouver are visiting with Mr. and Mrs. A. Hillman for two weeks.

Mrs. F. Moore and wee son Todd, of Vancouver, were the week end guests of Mr. and Mrs. Charles Stager, of Columbia avenue.

Engagement

Mr. and Mrs. W. C. Collishaw, of White Rock, announce the engagement of their eldest daughter, Julia Doreen, to Mr. Carlyle Arrell, third son of Mr. and Mrs. John Arrell, of New Westminster. The wedding will take place on June 30, at the White Rock United church.

RED CROSS FLASHES—JUNE

Mr. Foley reported as convener of the campaign committee. He paid high compliment to the canvassers who worked so faithfully and well. The total amount to date for the White Rock area is \$887.50 with more coming in.

The treasurer, Mrs. W. J. Moffat, reported \$35 from the play which Mr. Graham showed for the Red Cross and the local A. R. P.

On June 22 from 3 to 5:30, there will be a display tea of Red Cross work in the Anglican Church Hall. An interesting feature of the display will be a superfluity table in charge of Mrs. Peter Ballard. Many of the articles for sale have been donated by the Superfluity Shop in Vancouver. Others are gifts from local donors.

Mrs. Hawkshaw, Work Room Supervisor, reported that the rooms had been beautifully spring-cleaned by some mysterious workers whose names could not be mentioned. The list of garments numbers over 400 for the month. Mitts and scarves are not allowed now but other knitted garments are being asked for. There has been a slight tendency of late to grow careless about splicing wool. It is urged that you tie no knot anywhere in any kind of garment.

Mesdames Sherwood, Shepherd, Mulherrin, of Vancouver, and Miss Conway-Jones, of Crescent, were guests of Mrs. Garland Foster on Saturday.

Margaret Ball is having six weeks holidays at home from her duties at the Vancouver General hospital.

Week end guests at the A. J. McDonald home were Mr. and Mrs. B. Chapman and family, and Mr. Alf McInnes, all of Sullivan.

Mrs. B. Reeves has as a guest her daughter - in - law, Mrs. Clarence Reeves, of Edmonton.

WHITE ROCK BRANCH SHOWS EXCELLENT RESULTS

The workers in the recent campaign just concluded are deserving of great credit for the excellent results accomplished in our drive for funds: Mr. H. Foley, chairman of the Drive, expresses his thanks and wishes to announce that the returns to date amount to \$891.00 made up as follows:

Crescent-Ocean Park area \$259.00
White Rock area \$632.00
Mrs. Marie Terrell, of Ocean Park who had charge of the Crescent-Ocean Park deserves great credit for the splendid showing made by her district.

Many New Settlers Make Homes Here

The permanent population of White Rock continues to grow steadily month by month with more and more families choosing the Semiahmoo Bay area as an ideal home. During the past few weeks Geo. M. Thrift has sold the following properties to people, who for the most part will make their home here. Mr. and Mrs. German, of Vancouver, have bought two lots on Parker street. Mr. John Catto, of South Westminster, has purchased a small farm at Crescent. Mr. and Mrs. Walter Workman, of Regina, Sask. have obtained the Vose house on Johnson road. Wm. Robertson, of Vancouver, has acquired a lot on Parker street. Mr. and Mrs. Costain of Vancouver, have bought the Spooner place on Columbia avenue. While Mr. and Mrs. Larsen, of North Vancouver, have chosen the T. B. Hurst home on Pacific street. Mr. and Mrs. Poehnell have purchased part of the late James Machan property and Mr. and Mrs. Charles R. Webster, of Vancouver have taken over the Poehnell home, corner of Martin street and Thrift road. Miss Joyce Koepke, New Westminster, has purchased the Hitchcock property on Findlay street. Mrs. S. A. McQuarrie, of Vancouver, recently bought an acre of land on Marine Drive where she intends building a home. Mr. and Mrs. Gardiner have purchased a block of land on Thrift road and expects to commence to build immediately.

Mr. and Mrs. J. Aitken accompanied by Mrs. F. Fowler, Mr. and Mrs. H. Foley spent Friday last at Harrison Hot Springs.

Construction Of Portable Siren Authorized By Council

At the last meeting of the Surrey Council, which was held on Wednesday of last week, owing to the King's birthday being celebrated on Monday, there was quite a large amount of business.

The question of acquiring some portable sirens was considered at the request of A.R.P. Controller Hooser. The Council authorized the construction of one for a sample, which it was said would cost about \$200.00. The construction of 50 or 60 head light guards for the warden's cars was authorized, these costing \$1.00 each. Mr. Graham, of the Park theatre, offered to put on two Sunday shows to raise funds for A.R.P. work.

A large petition was presented by Messrs. Irvin and Livingstone asking that the public should be asked to co-operate in the eradication of weeds, particularly thistles.

An application for the opening of the lane in block 2, SW 1/4 Sec. 11, Tp. 1. This cannot be considered this year.

The application of Janet Allen for road opening of Foster between Prospect and Roper was turned down just now.

The Clerk was asked to inform

Mrs. F. B. Cunningham, that the drain in front of her lot would be boxed in.

I. Deslaurier who asked for a fill on Columbia between Parker and Kent, was informed that Kent road which had recently been improved, would give him good access.

Signs re prohibition of fires on benches at Ocean Park and Crescent between sundown and sunrise, was referred to the local A.R.P. warden.

R. M. Perry requesting road access to his property in block 4, W1, E1, NW 1/4, Sec. 3, Tp. 1 was referred to the Councillor and the Engineer. White Rock Ratepayers Association requesting the Council's support to an application for a flag station on G.N.R. between White Rock station and Blaine, was endorsed.

The Washington Sidewalk By-Law was given its final reading and passed. The work is being held up on account of scarcity of material. Sunday's heavy rain washed out a hole in Washington avenue which required the shovel and drag-line, some new piles and a re-fill.

The grader has done a lot of very fine street construction work on a number of streets lately.

An Apology

We offer our apologies for not having issued a paper last week, but owing to stress of work, breakdowns and other hindrances, it was impossible, however with this issue we will try to make up for the lack of one last week.

Grandmothers Day At W. I.

Some of the members and friends had been busy making quilts and 6 beautiful ones were among the many useful garments, all ready for shipping to headquarters. Mrs. Gregory, vice-president of V Bundles of New Westminster, spoke to the large gathering of the work being done in Westminster. She gave great praise to the White Rock Institute for the work and interest they have done for the past two years. The president replied and said their efforts would be continued in this work. The president thanked the people of White Rock for helping the Institute in the work and with the co-operation of the community which it has always given the Institute, the work will be carried on. After all business was done and adjourned, the grandmothers sat around the beautifully decorated tables, each had a place card with name inscribed and a corsage with Institute colors. The shrewd grandmothers sat at the head table where a large cake made in honor was cut by the oldest great grandmother. Mementos were given to the oldest great grandmother, oldest grandmother, youngest grandmother and the one who had resided in White Rock the most number of years. Prepare For Air Raids

The piles of sand which have been placed at street corners and other places, are not disappearing to any noticeable extent, which is an indication that the people of White Rock still do not realize the dangers that lurk around us. There is no knowing any night when we go to bed whether or not we shall be showered with incendiary bombs or high explosives during the night. It is the opinion of authorities that sooner or later we shall be raided, and it is just as likely to be tonight as any other night.

When a shower of incendiaries does come it will be too late to think about sand and other precautionary methods. An incendiary bomb, for instance, dropped near a building can be easily smothered by placing a small sack of sand right on top of it. A bomb on a roof, or going through into the bedroom can be handled with the aid of a pail of sand, if the householder will only keep cool and go about the job of defeating the enemy.

Some people probably have the idea that if a bomb drops on their house and cause fire, well we have a fire brigade and there will be lots of help. But don't forget that if incendiaries start to fall there will be many houses and buildings on fire and there is only one fire brigade—you will just have to keep your head and go to work to save your own property and if you are not prepared don't blame everyone else.

PRIMARY WARNING

A large number of our subscriptions expire during June. How about yours?

If you are not quite sure, better drop into the Semiahmoo Sun office and enquire about your expiration date, if you wish to continue without a break.

And we hope that is your wish, as we would like our circle of readers to remain with us intact through 1942.

We also urge this request to co-operate with orders from the Government of Canada to conserve paper, and that only bona-fide subscribers should be on the mailing lists of Canadian newspapers. Therefore we are asking you to bring your subscription up to date in order that our mailing lists may be open for inspection at any time.

And incidentally we may observe that subscription rates remain the same. One year, One Dollar.

FARM SHOPS

Increased production is the farmers' part in National defence. The proper maintenance of farm tools and equipment will do much to prevent costly breakdowns and interruptions to farm jobs. An electrically operated farm shop is positively a money saving and time saving proposition every farmer should take advantage of. Minor mechanical repairs, to tools, harness and general farm property, done in your own shop, will do much in maintaining production.

COMMUNICATION

A Post War National Policy

Sir: May I again be permitted to reply to Mr. W. W. Wood re his item of May 8th.

It may be information to Mr. Wood, that inflation is a manufactured state, it doesn't just happen. Let me explain, one of Mr. Wood's beloved institutions has goods to sell there is a scarcity of these goods in the country, the institution has been selling these articles at a reasonable profit, but now wages are high, most people who want to work are working, and have money to spend. In many cases they wish to buy articles they were not able to have before, owing to the unemployment situation, the institution sees in this situation a chance for extra profit, and shoves the prices up on what they have to sell.

The people who now have money, wish to buy the things they have been forced to do without so far, and knowing they are scarce are willing to pay more for them, and so outbid their less fortunate fellow men, and that is manufactured inflation. But with a proper control of prices there is no reason for inflation.

At best inflation is but an excuse by the exploiting institutions for making profits.

I agree that the financial interests would undertake to create an inflation scare, this is their plan of campaign, it makes the unthinking masses panic, and they rush to the banks with their money, or buy bonds, which in most cases finish up in the hands of the financial interests.

Regarding the concern of Mr. Wood for the banks, bond houses, and insurance companies, has it (Continued on page 3)

Judging by the success of the past few meetings we have every reason to know the troop is definitely moving forward to the time when every scout worthy of the name can feel he is pulling his weight in the community.

Whenever I hear that expression "pulling his weight" I think of the thrilling boat races between our great universities. What a sight it is to see the pace that the boat slithers through the water! How marvellously the eight men have been trained to pull together.

And now I am going to make an important announcement. I want all boys who have been attending meetings in the past few months to clearly understand that what is now being done for the troop is for the purpose of permanently re-establishing and re-organization. Boys now attending know themselves the improved conditions since Mr. Fryer and our troop leader, Dale Hunter, have so generously given their time and to make sure you fellows are going to have greater opportunity for real scout work. It gives me much satisfaction to announce that our meeting from now on take place in the Anglican church hall. I am sure all join me in thanking the owners very much for the use of the Ma-

sonie hall.

There is a quantity of business to be attended to by your leaders and seconds in this important change over, much of which has to do with the new head quarters raising funds, instructions, games etc., and the following will show we are getting right on with it.

1. Parents meeting at which will be invited all members of the Scout Group Committee, all persons who have assisted the troop in the past and others interested.

2. All business in connection with taking over new headquarters.

3. Means of raising funds for badges, equipment, etc.

4. Support of the church.

5. Cost of scout equipment to in-

clude the following:

- 10 Tenderfoot badges.
- 6 Second Class badges.
- 3 First Class badges.
- 5 P. L. hat badges.
- 2 yards pocket ribbon.
- 9 Swimmers badges.
- 6 Carpenters badges.
- 1 Book of badge slips.
- 1 "a" cord, 1 "b" cord, 1 "c" cord.
- 1 Record chart.
- 21 Shoulder knots.
- 2 King's Scout badges.

Further news on all this important business at the next meeting in the Anglican hall.

Rev. W. R. Jeffcott welcomed the following boys who attended church service last Sunday: Dale Hunter, Roy Burton, Stan Moore, Stan Fryer

and Lloyd Landrie. Lloyd is recently from the prairies and he and his sister Edith (a girl guide) helped to bring in five or six tires and other salvage the other day. Nice work, you two.

Sincerely yours,
—MAURICE BRUCE.

never entered into the head of Mr. Wood that a system could be evolved whereby the masses would not be required to take out insurance, at least the masses only take enough insurance to take care of their burial expenses, or a little money to help in the education of their children. Under a planned economy there would be no place, or use, for insurance or bonds, or financiers.

Regarding his last item, re political economy. We have had political economy since the country was inhabited by white people, and what is the result, we have had cycles after cycle of depression, our wealth is concentrated in the hands of a few people, our natural resources have been sold (supposedly) to the few who hold the wealth, politicians have been bribed and debauched by the same few, food that would have saved the lives of some of our fellow citizens was destroyed by this same few, so that they could keep prices high.

When depressions came and they could not make a suitable profit on what they had to sell, they closed their factories and threw those workmen out to shift for themselves having made no provision for such emergencies.

I could go on for an hour telling you of the things done, and not done under our political economic system.

No Mr. Wood, your ideas would be alright under our expanding economy, but now that we have reached the surplus stage, we must admit that a plan of distribution must be evolved, that will ensure to all, food, clothing and shelter, and all that should go with them to make life healthy, happy, and contented.

Yours very sincerely,
Dan McGrath.

Dear Sir:

Through the medium of your paper I wish to thank all personnel of the White Rock A.R.P. for the beautiful gift they presented me with on June 5th at Kalley's Dine and Dance, also for the lovely bou-

quet of variations presented to Mrs. Carpenter.

It is with regret that I am severing my connections with the A.R.P., and I wish them every success under the leadership of our new District Warden, Mr. T. Hogarth.

Once again I wish to thank all personnel for the co-operation shown me during my tenure of office.

Sincerely,
N. O. Carpenter.

Holidays at Banff in the Canadian Rockies

Happy, carefree expeditions into the Canadian Rockies, comfortably far from the routine of civilization, are among the many health-giving amusements available to visitors at the Banff-Springs Hotel, at Banff, Alberta, this season. These expeditions can be made on horseback with the Trail Riders of the Canadian Rockies, or on foot with the Trail Hikers. Both organizations are based in the Banff-Springs Hotel, where riding, hiking, golf, tennis and swimming are but a few of the vigorous activities which contribute to the success of a mountain holiday.

Physical fitness must be among the first personal rules of every citizen of the Allied countries in these days when the stress and strain of war makes exceptional demands on everyone. Holidays this year are being planned with increased fitness in view, and this is particularly true of Canadians and visitors from the United States, who are including Banff in their holiday itinerary. The Canadian Pacific Railway, in keeping with this spirit, has arranged extremely low American Plan rates on a weekly or monthly basis, and these cover a really

magnificent holiday and provide a complete escape from the spectre of gas, oil, and rubber.

There is no joy greater than riding a sure-footed mountain pony along far-flung scenic trails, or in hiking above the clouds along what is literally the sky line.

The Banff-Springs Hotel golf course is internationally famous and justly so and is a continual challenge to experts and amateurs alike. There is much to do at Banff and a splendid holiday in the doing.

THE CORPORATION OF THE DISTRICT OF SURREY

Re Noxious Weeds

In view of the abnormal growth of all kinds of weeds this year it is doubly essential, for the protection of farmers, that prompt steps be taken now to cut and destroy all thistles, burdock, yellow dock, wild mustard, wild turnip, ox-eye daisy, ragweed, charlock, lupin and all other weeds growing or standing on any lands in the Municipality before the said weeds flower, ripen or come to seed.

The Municipal Council invites the co-operation of all land owners in Surrey in the eradication of the weed menace on their own lands in order that it may not be necessary to invoke the powers given by Statute.

Dated at Cloverdale, B. C. this 11th day of June, 1942.
